MY STANDARD BASE CARD SIZES & LAYERS *

Sizes for the layers (assuming you require a layer and then your stamping layer on top)

Finished Card Size (folded)	Fits Envelope	Start with	Cut Base	Layer 1 ** (Mat layer)	Layer 2 ** (Stamping layer)
14.5cm x 10.5cm (Finished card has fold along long edge)	C6	A4	14.5cm x 21cm	14cm x 10cm	13.5cm x 9.5cm
14.5cm x 10.5cm (Finished card has fold along short edge)	C6	A4	10.5cm x 29cm	14cm x 10cm	13.5cm x 9.5cm
Notecard (5" x 3 1/2")	Notecard Envelope	Notecard or A4	7" x 5"	4 3/4" x 3 1/4"	4 1/2" x 3"

* A standard C5 card base is half A4 (21.0 cm x 14.8 cm).
As I like to cut my cardstock using 0 and .5 measurements, my sizes are slightly different to this.

** My general rule of thumb is to reduce the layers by .5cm when using centimetres and by 1/4" when using inches to reach the above dimensions.

*NB: For Notecards I will occasionally reduce the layers by 1/8" instead of 1/4".
It is down to your own personal preference.*
